

Submitting/uploading work onto DB primary

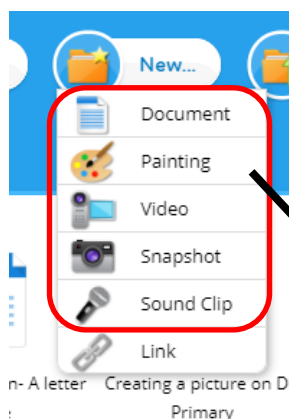

- If your child has homework/work to complete set by their class teacher it will appear in your child's 'things to do' on their homepage. Click on the task to open and read instructions set by teacher.

- Description of task, can involve voice recordings, videos, web links, PowerPoints etc... to support your child's learning and completion of task.

To upload a finished word document, PowerPoint, publisher document or photo/scanned in document of child's completed work, click upload button, find file and submit.

Children can also complete a task using the following DB primary tools:

- Use document tool to type.
- Use the painting tool to draw a picture.
- Record a video from an attached webcam.
- Take a photo from an attached camera.
- Record their voice

Once created work on one of the following above DB primary tools, click **save** then **yes**.
